WELCOME TO CAPITAL RX

Thank you for being a valued Capital Rx member. When it comes to your health, we are with you every step of the way. Our top-tier services and resources are available to help you make the most informed decisions for you and your family.

If you are prescribed a 90-day prescription for maintenance medications (e.g. long-term conditions like arthritis, asthma, diabetes, high blood pressure or high cholesterol), you can fill your prescription at retail pharmacies or through mail service.

Please review your member booklet to learn more about your pharmacy benefits. If you have questions, please reference the back cover for who to contact for support.

Thank you,
Capital Rx

GETTING FAMILIAR WITH PHARMACY BENEFITS

As a pharmacy benefit manager or PBM, our role is to oversee your prescription benefit plan. We work closely with your employer or health plan to offer the right balance of drug access and cost savings. The plan setup or features of your pharmacy benefit can impact where you can fill your prescriptions and your cost at the pharmacy.

WHAT FEATURES OF YOUR PHARMACY BENEFIT COULD IMPACT YOU?

Pharmacy Network: A pharmacy network is a group of pharmacies that we are contracted with to provide medication at a specific price. For a pharmacy to be part of our network, they must meet specific standards and go through a detailed review process. Each pharmacy in the network is reviewed on a re-occurring basis to ensure they consistently meet business standards. Different types of pharmacies can be included in a network. They are typically organized into channels called retail, mail order or specialty pharmacy. This part of your pharmacy benefit can affect your cost and drug access.

Copay or Coinsurance: A copay or coinsurance is a form of cost sharing between you and your employer or health plan. Copays are flat costs your pharmacy plan setup may have to determine what you pay for medications. Coinsurance also defines what you pay for medications, but it is calculated as a percentage rather than a flat cost.

GETTING FAMILIAR WITH PHARMACY BENEFITS

Deductible: A deductible is another form of cost sharing but defines the amount you must pay before your plan will pay for covered medications. A deductible can be combined with your medical costs and will count towards one total amount. If a plan setup has a separate prescription deductible, only drug costs will count towards this amount.

Maximum Out-of-Pocket (MOOP): A maximum out-of-pocket (MOOP) is the most you will pay for your covered medications each year. This typically includes your deductible, coinsurance, and copay amounts. How or what costs apply to your MOOP is specific to each plan setup.

***Please note:** Not all plans are set with these features. Please refer to your summary of benefits to review your plan in detail.*

WHAT RESOURCES ARE AVAILABLE TO HELP ME MANAGE MY PHARMACY BENEFIT?

To track progress with all applicable deductible or MOOP amounts, log into the member portal and view your 'Benefit Information'. The member portal can also help you estimate cost at a network pharmacy with our 'Find Best Price' tool. Use the 'Nearby Pharmacies' search to locate a pharmacy convenient for you.

Download the Capital Rx app or visit <https://app.cap-rx.com/login> to view all resources available.

Simply put, a formulary is another name for a drug list. A formulary is a list of generic and brand-name drugs typically covered by your pharmacy benefit plan. The primary purpose of a formulary is to promote the most safe and effective use of medications while delivering value.

At Capital Rx, your health is our top priority. We prepare formularies to ensure that you have access to a robust offering that meets your needs and lowers your overall prescription drug cost.

Your pharmacy benefit covers many prescription drugs, but some exclusions may apply. If a drug is not covered, an alternative covered drug will be available.

WHAT ARE TERMS COMMONLY USED WHEN TALKING ABOUT FORMULARY?

Tier: Formularies are organized into categories called tiers. Each prescription drug is placed in a tier depending on the type of drug. Formularies are commonly divided into three tiers. Some plans may have more or less than three tiers, but how tiers are managed is the same.

Please note: *Drugs that are newly approved by the Food and Drug Administration (FDA) may not be covered until they have been fully evaluated.*

What is a Prior Authorization (PA): Approval may be required before your pharmacy benefit plan will cover certain drugs. This process ensures you receive a prescription that is safe and is the most cost effective. Once notified by the pharmacy, your doctor will work with Capital Rx to complete paperwork to submit a prior authorization.

What is a Quantity Limit (QL): There is a limit on the maximum dosage or quantity for certain medications that are covered per prescription, or within a specific time frame. If you require a dose or quantity beyond what the limit allows, please work with your doctor to submit a prior authorization for approval.

What is Step Therapy (ST): You may be required to try another medication (usually a generic) prior to starting the medication your doctor prescribed (usually a brand). If a medication you are prescribed has a step therapy program in place, please discuss your options with your doctor.

FORMULARY RESOURCES FOR YOU & YOUR DOCTOR

To review if your medications have prior authorization, step therapy, and/or quantity limit requirements, log into the member portal and use the 'Lookup Formulary' tool.

Your doctor can work with Capital Rx to complete paperwork needed for prior authorization requests. They can refer to www.cap-rx.com/prescribers#prescriber-forms to download a fillable form and more.

FACTS ABOUT GENERIC DRUGS

- FDA requires generic drugs to have the same active ingredient, strength, dosage form, and route of administration as the brand-name drug.
- All manufacturing, packaging, and testing sites must pass the same quality standards as those of brand-name drugs.
- Generic drugs tend to cost less than their brand-name counterparts because they do not have to repeat clinical studies that were required of the brand-name drugs to demonstrate safety and effectiveness.

ON AVERAGE GENERIC
DRUGS COST
80-85%
less than the
brand-name equivalent

SAVING TIME AND MONEY ON YOUR MEDICATIONS HAS NEVER BEEN EASIER.

Capital Rx and Optum® Home Delivery are working together to help you get the best price on medications delivered right to your home.

Getting started with Optum Home Delivery:

Please reach out to your prescriber and update your mail order pharmacy provider to Optum Home Delivery.

Online: Go to the Capital Rx Member Portal at <https://app.cap-rx.com/login> to register or log in. Select 'home delivery' to confirm your profile settings.

Phone: Call Capital Rx and follow the prompts for 'medications delivered to your home' or ask your doctor to send an electronic prescription to Optum Home Delivery. A coordinator will reach out to get you set up.

Choose one of the following options to request refills of current prescriptions or send new prescriptions to Optum Home Delivery:

E-prescribe (preferred): Have your prescriber electronically send your prescription to Optum Home Delivery.

Fax: Have your prescriber fax your prescription to Optum Home Delivery. Faxed prescriptions may only be sent by a doctor's office and must include patient information.

Online (refills only): Login to the Capital Rx member portal to place an order for available refills.

Mail: Mail your paper prescription to Optum Home Delivery at 6800 W 115th St. Suite 600, Overland Park, KS 66211-9838.

Home Delivery Support is available 24 hours a day, 7 days a week.

MEET YOUR NEW SPECIALTY PHARMACY TEAM!

Optum® Specialty Pharmacy does more than just fill your specialty prescription. We provide the resources and personalized support to help you manage your condition and treatment. We know your needs change – sometimes you need an easy way to manage prescriptions on your own, and sometimes you need help from a pharmacy team expert. We make it easy to get support the way you want it — when you need us.

Getting started with Optum Specialty Pharmacy:

Please reach out to your prescriber and update your specialty pharmacy provider to Optum Specialty Pharmacy.

Online: Go to the Capital Rx Member Portal at <https://app.cap-rx.com/login> to register or log in. Select ‘Specialty Pharmacy’. Fill out the New Patient Form, and we will take it from there.

Phone: Call Capital Rx Customer Care and follow the prompts for ‘specialty pharmacy’ or ask your doctor to send an electronic prescription to Optum Specialty Pharmacy.

A patient care coordinator may reach out for more information to finalize your account or set up your first order. We will also contact your provider for an up-to-date prescription, if needed.

If your prescription needs a prior authorization, your prescriber may need to take extra steps to submit your prescription. To read more about prior authorizations, visit <https://cap-rx.com/members/> or call Capital Rx Customer Care.

Optum Specialty Pharmacy offers education and support programs to help manage your condition, including:

- **Secure delivery:** Delivery to your home or address you choose at no cost to you.
- **Supplies:** Therapy-related, ancillary medical supplies at no additional cost to you.
- **24/7 support:** Expert clinicians available 24/7 to answer questions and provide support.
- **Financial assistance:** Help with finding financial aid like copay cards, grants, foundations, and manufacturer program discounts.
- **Centers of Excellence:** Additional resources and targeted support for select therapies through our Centers of Excellence.

Optum Specialty Pharmacy patient care coordinators, pharmacists, and nurses are available 24 hours a day, 7 days a week.
